

UIB BOOTH AT THE INTERNATIONAL CONGRESS OF NUTRITION (ICN) IN GRANADA - SPAIN

□ □

15-20th September 2013

The International Union of Bakers and Bakers-Confectioners was represented with an excellently placed booth during the UIB/UIPCG Congress and the subsequent 20th INTERNATIONAL CONGRESS OF NUTRITION (ICN) in Granada, promoting Man's First Natural Food. The regional Spanish bakery federation AGRAPAN supported our work with a splendid bread exposition, first in the Andalusia Room, where all meetings of the UIB Congress were held, and then, from 15th to 20th September 2013, in the ICN Exhibition Hall.

The UIB booth at the ICN 2013 attracted a large number of nutritionists who wanted to know more about the benefits of bread.
